

	Title	First author	Publication	Presentation
2018	The outcome of transcatheter aortic valve replacement in patients with small annulus: An analysis from the Japanese nationwide registry (J-TVT)	Meguro K.	Circ J 2021	JTVT-TVT 2019
2018	Non-Cardiovascular readmissions after transcatheter aortic valve replacement: Insights from a Japanese nationwide registry of Transcatheter valve therapies	Saji M.	J Cardiol. 2022	JTVT-TVT 2020
2018	One-year outcome of transcatheter aortic valve replacement for bicuspid aortic valve stenosis: a report from the Japanese Nationwide registry (J-TVT registry)	Mukai T.	Cardiovasc Interv Ther. 2023	JTVT 2022
2018	Practice pattern and outcomes of transcatheter aortic valve replacement in the US and Japan: A report from joint data harmonization initiative of STS/ACC TVT and J-TVT	Kaneko T.	J Am Hert Assoc. 2022	TVT 2021
2019	A risk model for One-year Mortality after Transcatheter aortic valve replacement from the J-TVT resigtry	Maeda K.	JACC Asia 2022	JTVT-TVT 2020
2019	Impact of concomitant mitral regurgitation undergoing trans catheter aortic valve implantation on 1-year survival outcome: A report from Japan Transcatheter Valve Therapy Registry	Matsuura K.	J Cardiol. 2023	JTVT 2022
2019	Outcome analysis of 2,551 Nonagenarians undergoing Transcatheter Aortic Valve Replacement: Insights from the Nationwide Japanese Registry	Higuchi R.	JACC Asia. 2022	JTVT 2022
2020	Validation of ischemic and bleeding risk stratification of percutaneous Coronary Intervention for patients with trans catheter aortic valve implantation: an observation from JTVT registry	Ohya M.	Open Heart. 2023	JTVT 2022
2020	Clinical outcomes of urgent/emergent trans catheter aortic valve implantation in Japan: Insights from the JTVT registry	Kitahara H.	Circ J. 2022	JTVT 2022
2022	Procedural Volume and Outcomes for Transcatheter Aortic-valve replacement - Report from the Journal of Transcatheter Valve Therapies (JTVT)	Noguchi M.	Draft	JTVT 2024
2022	Association between Procedural Volume and Outcomes of Thranscatheter aortic valve implantation: from a Japanese Nationwide registry	Ando T.	Am J Cardiol 2023	JTVT 2023
2023	Valve-in-Valve TAVR for Degenerated Surgical Valves in Patients With Small Aortic Annuli: A Report From a Japanese Nationwide Registry	Oba Y.	Circ Cardiovasc Interv 2025	JTVT2024
2023	A risk model for 1-year mortality in dialysis patients undergoing transcatheter aortic valve implantation from a Japanese nationwide study.	Yamashita K.	EJCTS submitted	JTVT2024, EACTS 2024
2024	Perception Gaps on Age-Stratification in Patients with Transcatheter Aortic valve Implantation	Suzuki T	Draft	
2025	Hospital-Level Variability in Indications and Predicted Risk of Transcatheter Aortic Valve Replacement: A Nationwide Analysis in Japan	Suzuki T	Draft	
2025	Temporal Trends and Prognostic Impact of Permanent Pacemaker Implantation After Transcatheter Aortic V	Okita S	Draft
